About AppHarvest

AppHarvest is a sustainable food company in Appalachia developing and operating some of the world's largest high-tech indoor farms with high levels of automation to build a reliable, climate-resilient food system. AppHarvest's farms are designed to grow produce using sunshine, rainwater and up to 90% less water than open-field growing, all while producing yields up to 30 times that of traditional agriculture and preventing pollution from agricultural runoff. AppHarvest currently operates its 60-acre flagship farm in Morehead, Ky., producing tomatoes, a 15-acre indoor farm for salad greens in Berea, Ky., a 30-acre farm for strawberries and cucumbers in Somerset, Ky., and a 60-acre farm in Richmond, Ky., for tomatoes. The four-farm network consists of 165 acres under glass. For more information, visit <https://www.appharvest.com>.
